### The Interrelated Dimensions of Music

Progression through Charanga Musical School

Progression throughout the Units of Work reinforces the interrelated dimensions of music.

With each new song, always start again with the foundation of pulse, then rhythm, then pitch, adding new dimensions as you progress.

This represents an ever increasing spiral of musical learning.

### How the Scheme is structured

Each Unit of Work comprises the following of strands of musical learning which correspond with the National Curriculum for Music:

1. Listening and Appraising
  - a. Warm-up Games
  - b. Optional Flexible Games
  - c. Singing
  - d. Playing instruments
  - e. Improvisation
  - f. Composition
3. Performing

### Learning progression

Depth of learning through Charanga Musical School

#### National Curriculum 2014:

"...learn to sing and to use their voices, to create and compose music on their own and with others, have the opportunity to learn a musical instrument, use technology appropriately and have the opportunity to progress to the next level of musical excellence..."

"Pupils should be taught to sing and play musically with increasing confidence and control. They should develop an understanding of musical composition, organising and manipulating ideas within musical structures and reproducing sounds from aural memory."

"Pupils should be taught to: play and perform in solo and ensemble contexts, using their voices and playing musical instruments with increasing accuracy, fluency, control and expression."
